

# ANTONY JOSEPH RAJ

Full-Stack Developer (Node.js | React.js | Next.js)

+91 6380501695 | antonyjo113@gmail.com | linkedin.com/in/antony-joseph-raj-9a1a93185

## PROFESSIONAL SUMMARY

Full-Stack Developer with 3.9 years of experience building scalable web apps using Node.js, React.js, Next.js, TypeScript, and SQL. Delivered systems that cut page load times by up to 80% and automated up to 90% of manual workflows across healthcare, logistics, and QA platforms. Complemented this with applied AI/ML coursework in NLP and predictive analytics.

## PROFESSIONAL EXPERIENCE

### Software Engineer — Kartoffel Technologies Apr 2024 – Jan 2026

- Designed and developed high-performance RESTful APIs and microservices using Node.js and Express, supporting web, mobile, and iOS clients consumed by 3 platform teams.
- Built interactive front-end applications with React.js and Next.js, implementing state management solutions that improved data flow and rendering performance.

### Patient Management Platform — Full-Stack Engineer

- Built a healthcare records platform (patient history, appointments, treatment tracking) handling roughly 170,000 medical records, as backend lead on a 6-person cross-platform team (web, Android, iOS).
- Re-architected data fetching with Node.js, MySQL, and Sequelize ORM, cutting page load time by ~80% and automating ~80% of manual record-entry workflows.

### Logistics Finance Platform — Full-Stack Engineer

- Delivered shipment tracking, invoicing, and financial reporting features for a logistics finance system processing roughly 80,000 transaction records, within a 6-person team.
- Improved page load performance by ~60% via component optimization (Next.js, TypeScript) and automated invoice reconciliation, cutting manual effort by ~60%.

### Software Engineer — JMAN Group Dec 2021 – Jan 2025

- Designed and implemented RESTful APIs and microservices using Node.js and Express, ensuring high performance and responsiveness.
- Built dynamic, component-based UIs with React.js and state management libraries; used PostgreSQL for data persistence and Jest for unit testing.
- Mentored interns on front-end fundamentals; served as Subject Matter Expert (SME) for the Front-End and NCLC platform.

### Employee Management Platform — Full-Stack Engineer

- Led backend development on an 8-person team building a workforce platform covering employee profiles, attendance, timesheets, leave, and project allocation.
- Used Node.js, TypeScript, PostgreSQL, and Sequelize ORM to improve key workflow speed by ~90% and automate HR leave/timesheet reporting, cutting manual effort by ~70%.

### Quality Assurance Management Platform — Full-Stack Engineer

- Built backend services and dashboards (Node.js, NestJS, PostgreSQL) for a 5-person team automating product quality monitoring, compliance checks, and audit tracking.
- Improved compliance-check processing speed by approximately 80% and automated roughly 80% of previously manual review steps.

### Career Break — Health Recovery Feb 2025 – Jun 2025

Took time off to address a health matter; returned to full-time work in good health.

## SKILLS

**Languages & Frameworks:** JavaScript, TypeScript, Node.js (Express.js, NestJS), React.js, Next.js, HTML, CSS

**Data & Backend:** PostgreSQL, MySQL, Sequelize ORM, RESTful API design, Python & SQL

**Tooling & DevOps:** Git, GitHub, AWS, Docker, CI/CD pipelines, Jest.js (unit testing)

**AI/ML:** Machine learning algorithms, NLP fundamentals, applied predictive modeling

## AI/ML COURSEWORK & APPLIED PROJECTS

- Industrial Safety NLP Chatbot: built an end-to-end NLP pipeline (ML, neural networks, LSTM) to classify industrial safety risks from accident reports across 12 plants in 3 countries.
- Hotel Booking Cancellation Prediction (INN Hotels): analyzed booking data and built predictive ML models to forecast cancellation likelihood, informing refund and policy decisions.

## EDUCATION

**MSc, Computer Science — Thiruvalluvar University (Don Bosco College, Yelagiri Hills)** GPA: 7.63 | Aug 2018 – Apr 2020

**BCA — Thiruvalluvar University (Aruna Vidhya College, Tiruvannamalai)** GPA: 7.33 | Jul 2015 – Apr 2018
